

## Welcome to Choir at Holy Trinity School

Hello,

My name is Natalie Rauch and I am the music and choir teacher for Holy Trinity School. I am very excited to work with the choir to learn and experience new music with everybody involved.

- Choir is offered for students in 4th-8th grade.
- Choir practice will be held every Wednesday from 3pm-4pm after school.
- Please do your best to attend every rehearsal so we can be the best choir we can be.
- Students should report to the music room immediately after school.
- Students can be picked up by the cafeteria entrance of the school, in the back.
- If practice is ever cancelled, I will be sure to give the students the earliest notice possible.

We will be working with the music director of the church, Brenden Barker, to practice for school mass every Friday morning.

There will also be a winter and spring concert. Attendance for these concerts is strongly encouraged, considering the students will be working very hard as a group all through the school year for these performances. It is hard to perform with one or two missing, just like a sport. It is hard to play football without the whole team there.

We will also have a rotating schedule for cantors for Friday morning mass. There will be a schedule posted outside the music room at the beginning of the month. If a student cannot sing on a day they are scheduled please let me know as soon as possible.

Parents, please sign and return bottom portion to the instructor, to assure that you and your child have read over the expectations for choir.
