

On the Stage Wednesday, July 27th

Karen Prunzik's Broadway Dance Studio & Performing Arts is one of the most unique studio's in the country and certainly the most unique in the city of Pittsburgh. We offer Musical Theater and Vocal training with Broadway Veterans and professional dance technique training with some of the Industries most experienced teachers. Our goal at Broadway Dance Studio & Performing Arts is simply to enrich our students' lives as we pass on the love and passion for the arts we have all had the privilege to enjoy in our lives.

Whether our students desire to be on Broadway one day or just want to sing and dance for the sheer joy of it, we are proud to offer the same training to each student.

At Broadway Dance Studio and Performing Arts we offer great technique training in a positive and encouraging environment.
